## County Spelling Contest at Horace Mann March 15

The annual Saline County Spelling contest will be held one week from today, which will be Saturday, March 15, at Horace Mann school in Harrisburg, C. R. Gardner, county superintendent of schools, announced today.

The county meet will start at 9 a. m. with contestants from grades two through eight competing from each of the school districts of the county competing.

After the county contest is held, winners for Grades 6, 7 and 8 will compete for Saline County Spelling Champion. The county champion will be eligible to enter the Tri-State Contest at Evansville May 16. The Evansville winner will be eligible to enter the National Contest at Washington, D. C.

Township spelling contests were eliminated this year and district meets held to choose county finalists because township lines are crossed in several districts.

## U. S. Officer Unwitting Aid to Narcotics Ring

YOKOSUKA, Japan (AP) — The U. S. Navy announced today it seized one-third of a million dollars worth of heroin smuggled into Japan on a Navy vessel with the unsuspecting help of an American officer.

Intelligence officers called it "one of the biggest narcotics shipments to Japan." They said the smuggling was done by a ring operating on a big scale between Hong Kong and Japan. The smugglers duped U. S. military officers into acting as unknowing couriers.

The Navy announcement followed by just one day the disclosure that Japanese authorities seized \$83,000 in heroin brought into Japan by a U. S. Air Force officer at Johnston Air Force base near Tokyo.

The Navy linked the second smuggling attempt to Ling Li Tien, 24, a Chinese arrested at Johnston Air Base Feb. 19 when he called for a suitcase brought in from Hong Kong by Air Force Capt. James B. Bowers of Kingsport, Tenn.

## Phone Service To Eldorado to Be Improved

Add a Line; Plan A Second; 5-Minute Time Limit Near

A letter from Burton W. Saunders, president of the General Telephone Company of Illinois, to Representative Paul Powell states that telephone service between Harrisburg and Eldorado is being improved.

M. H. Lynch, manager of the Harrisburg exchange, confirmed today that the changes are being made, and gave additional information concerning calls between Harrisburg and Eldorado and Carrier Mills.

Rep. Powell became interested in the situation recently during a visit in Harrisburg, when he was unable to get a line to Eldorado after trying for a considerable period. He advised Mr. Saunders of the situation.

Mr. Saunders on February 17 advised that the situation was being investigated, and on February 28 reported:

"I am pleased to inform you that an additional circuit between Harrisburg and Eldorado was installed this week, and we expect to have another circuit installed within the next two or three weeks. We will continue to check the service between these two exchanges, and will make every attempt to furnish the grade of service to which the subscribers of the communities are entitled."

## Time Limit On Calls

Mr. Lynch stated that the one additional circuit had been opened, that an additional one is being installed, and that equipment has been ordered which will automatically disconnect lines which are used for more than five minutes, thus relieving traffic. A warning tone will be sounded before the circuit is disconnected, he said.

He also stated that plans are under way for an additional line to Carrier Mills.

Mr. Lynch stated that it is impractical to arrange sufficient lines to Eldorado and to Carrier Mills so that a line will always be available.

He stated that direct dialing toll service is available to Eldorado and Carrier Mills at a charge of 10 cents, and this service may be used in event of emergencies or when time is at a premium.

He said that the 10-cent charge does not cover the costs of maintaining the line, keeping an account of the call and billing, but the arrangement is a service to telephone users.

## Scurrilous Handbill NOT Printed in Harrisburg

A number of people have inquired as to whether The Daily Register printed a certain malicious, evil, misleading handbill that was distributed over the city last night in a last-minute attempt to swing votes in the special city election to be held next Tuesday.

THE ANSWER IS AN EMPHATIC NO.

The handbill was not printed by either The Daily Register or its affiliate, the Harrisburg Printers. The Register does not know where the handbill was printed, knowing only that it is a sneak out-of-town job.

The Daily Register has never resorted to printing evil handbills, which ever so often make their appearance at a last minute in a political campaign, and always signed by some non-existent committee so that those maligned have no opportunity of proving who is trying to crucify them. It's too dirty to think about.

No, The Daily Register has had no part in this diabolical act.

If you want to know whether or not The Daily Register or the Harrisburg Printers has printed a handbill, look at the bottom of the bill.

There you will see the UNION LABEL, if it has been printed here.

## Transport and Fighter Bomber Crash in Flight

Three Bodies are Recovered; Navy Doubts Any Survive

NAHA, Okinawa (AP)—An armada of small boats and planes today searched the waters off Naha for the bodies of 26 persons feared killed in the in-flight collision of a U. S. Marine transport plane and a Marine fighter-bomber.

The transport, carrying 25 passengers and crew, and the AD-5 Skyraider, manned only by its pilot, collided Friday night and plunged into the sea about three miles offshore.

Three bodies were recovered just after dawn today. The Navy said it doubted anyone aboard the plane survived the collision and crash.

Ryukuan fishermen joined armed forces rescue craft in searching the waters. The Army manned a number of search vessels with personnel collected from service clubs, theaters and cafes.

The Navy said both planes were en route from the Philippines to the U. S. Naval Station at Naha. The transport, an R4Q—the Marine version of the C-119 Flying Boxcar—carried 19 passengers and six crewmen.

A spokesman said one of the planes contacted the Okinawa tower at 5:45 a. m. e.s.t., and that shortly after tower operators saw a "huge ball of fire" in the sky. There was no further contact with either of the planes.

Naha residents said they saw three "distinct flashes" just a few minutes before the planes were scheduled to land.

## Easter Seal Campaign to Begin Monday

The 1958 Easter Seal appeal for behalf of crippled children and adults in southern Illinois opens Monday, March 10, and continues through Easter Sunday, April 6, Lawrence V. Lipe of Chester, president of the Southern Illinois Association for the Crippled, Inc., announced today.

"Easter Seals will be sent to more than 160,000 homes in the 33 county area in 1958, thus pre-empting the most extensive and, we hope, the most successful Easter Seal appeal in our history," said Lipe.

Here in southern Illinois, contributions will be used to meet outstanding needs for professional services to the crippled at the Easter Seal Therapy Centers in Carbondale and Carmi, the annual summer camping program for crippled children, equipment loan, public education, case finding, and many others.

"Approximately 90 per cent of the funds raised in southern Illinois during the annual Easter Seal campaign finances services for crippled children and adults in the state," added Lipe. "The remainder goes to help support a national program of service, education, and research."

The 1958 drive, which will be held during the same time by the 1,655 Easter Seal affiliates of the National Society for Crippled Children and Adults in 48 states, District of Columbia and territories in Alaska, Hawaii, and Puerto Rico, will mark 37 years of service to the crippled at Easter Seal treatment centers throughout the nation.

A White House telephone operator advised her to write an air mail letter immediately, and "she was sure the President would do something," Mrs. Linjer said.

Two days later, Presidential Assistant Sherman Adams advised her by letter that "arrangements had been made by the children's bureau of the Health Education and Welfare Department to cover the cost of the surgery. The President sends best wishes for successful operation," the letter said.

Brenda Kay has been racked by heart attacks since Dec. 4. Doctors say she has no chance of living if the operation is not performed — and only 35 per cent if it is.

## Stonefort Over Quota for SVDA

Stonefort went far above its quota for the Saline Valley Development Association according to an announcement today by Mrs. Mary Alice Richerson, chairman of the finance drive.

The quota for Stonefort in the SVDA was \$100 and contributions totaling \$172.50 were received. A check for that amount has been forwarded John D. Upchurch of Eldorado, SVDA treasurer.

A majority of the contributions were from businesses and organizations, with a few individuals contacted, the chairman stated.

"I received the finest cooperation and everyone was so generous in their donations. I want to extend my thanks and appreciation to all," Mrs. Richerson declared.

## Post Office Department Issues Stamp to Honor Paul Revere

WASHINGTON (AP) — The government today gave Paul Revere another posthumous pat on the back — and, as usual, forgot about poor Sam Prescott.

The Post Office Department announced it would issue a 25-cent green stamp honoring Revere and his famous ride to warn the Massachusetts countryside that the British Redcoats were coming.

The department said the new stamp would go on sale first at Boston April 18 — the 183rd anniversary of Revere's ride.

Now, as every schoolboy knows, Revere's place in history was assured the day William Wadsworth Longfellow sat down and penned: "Listen my children and you shall hear. Of the midnight ride of Paul Revere."

## Scherrer Attends Meeting of Agricultural Engineers in Chicago

George M. Scherrer of Scherrer  
Equipment company attended the  
annual section winter meeting of  
the American Society of Agricul-  
ture Engineers at the Engineers  
Building in Chicago Monday,  
March 3, and participated in a  
discussion of tractor horsepower  
and new power take-off shaft size  
and speed standards. New stand-  
ards are being established.

Over 200 design engineers from  
all makes of tractor companies  
and the University of Illinois were  
present.

Scherrer presented his view-  
points as a farmer, a dealer and  
engineer. He was the only dealer  
present. Scherrer is a full mem-  
ber of the American Society of  
Agriculture Engineers, The Ameri-  
can Institute of Electrical Engi-  
neers, is a licensed engineer and  
has been listed in Who's Who in  
the Midwest since 1949. He has  
also worked with an Eastern Uni-  
versity in testing agricultural  
products.

## S.I.U. Country Column

By Albert F. Meyer  
Hog raising, like many other  
aspects of farming has reached a  
kind of missile age status.

That would be an obvious de-  
duction from the discussion of ex-  
perts at the recent Swine Day at  
Southern Illinois University. More  
than 100 persons were present for  
the meeting.

One of the newer movements re-  
ceiving added attention today is  
the assembly line type production  
of market hogs by feeding in con-  
finement. Dr. J. A. Hoefler, a  
Michigan State University animal  
husbandryman, cited at least 10  
reasons for this and other changes  
that are coming in the hog raising  
business.

These are: rapid advancement  
in better nutrition for livestock;  
higher costs of land and labor; the  
present feasibility for corn belt  
farmers to produce high yields of  
corn continuously on their land,  
the possibility of early pig wean-  
ing to step up the farrowing  
schedule; development of multiple  
farrowing programs in hog pro-

duction; ability to provide better  
environmental conditions for hogs  
(heat for pigs in cold weather  
and sprinkler systems of air con-  
ditioning to keep hogs cool in  
summer); automation on the farm  
to cut labor needs and save time;  
opportunity for better parasite  
control (but not disease) through  
confinement rearing; advance-  
ments in developing better meat  
type breeds; and the availability  
of credit for such feeding pro-  
grams.

However, Hoefler agreed with  
other program participants who  
pointed out the value of good pas-  
tures in swine production. It is  
important that the pastures are  
more than mere exercising areas,  
that produce high quality forage.  
Such pastures are particularly val-  
uable for farmers who are pro-  
ducing breeding herds. They pro-  
vide savings in feed supplements  
and eliminate a lot of labor for  
manure hauling that becomes a  
problem when hogs are produced  
in confined quarters.

The problem of obtaining larger  
litters and saving more pigs to  
marketing age needs increasing at-  
tention, according to Dr. H. L.  
Self, University of Wisconsin  
swine specialist, who appeared on  
the program.

Self says nearly 30 percent of  
the pigs that are born never get  
to market. It takes five pigs in  
every litter to cover the cost of  
production, so the farmer's chances  
for profit from his hogs de-  
pends on how many more than  
five pigs he can save from every  
litter. Through various improve-  
ments farmers have been able to  
increase the average number saved  
from each litter by about two  
since 1924—from five pigs in 1924  
to seven now.

Self has been delving into some  
of the reasons that sows do not  
farrow larger litters. There has  
not been enough concern about  
the pigs that are lost during the  
sow's pre-farrowing period, he  
says. Studies have indicated that  
an average of slightly more than  
six pigs are lost from each litter  
between breeding and farrowing  
time. He believes that in another  
20 years farmers will be raising  
litters of 14 or 15 pigs instead of  
seven and saving them to market-  
ing age. This will be accomplish-  
ed through better sow selection,  
better breeding and proper nutri-  
tion.

Dr. C. A. Brandly, dean of the  
University of Illinois College of  
Veterinary Medicine, calls atten-  
tion to the fact that disease rob-  
bed Illinois swine producers of  
about \$54,600,000 last year. Com-  
mon sense, good sanitary prac-  
tices, correct disease diagnosis,  
and emphasizing of prevention  
more than cure will help the hog  
farmer increase his chances for  
profits.

Dairy workshop days at SIU  
seem to make appropriate the  
following information from Utah  
State Agricultural College. It  
says the average Holstein cow  
(any cow, for that matter) is quite  
a machine for converting forage  
into food. During her average  
life span she produces 10 calves  
and 134,374 pounds of milk con-  
taining 5,189 pounds of butterfat.  
Approximately 400 pounds of  
blood had to flow through the ves-  
sels of her udder for every pound  
of milk produced. (Figure out  
that total for yourself.)

To produce the milk and calves  
and maintain her own body, the  
cow consumed approximately 45  
tons of alfalfa hay, 41 tons of corn  
silage, 15 tons of grain that con-  
tained 400 pounds of salt and 400  
pounds of steamed bone meal, and  
used 2,047 days of grazed pasture.

## Extend Cancellation Date for Acreage Reserve Program

Regulations governing the 1958  
Acreage Reserve Program have  
been amended to permit produc-  
ers who have signed corn, cotton  
or spring wheat acreage reserve  
agreements to cancel their agree-  
ments, if it is done not later than  
Friday, March 28, according to  
Edgar V. Thompson, chairman of  
the local A. S. C. Commission.

"As you know," Mr. Thompson  
stated, "farmers have offered to  
retire more land than funds will  
permit. Producers, whose requests  
are pending because funds are ex-  
hausted, will be accepted to the  
extent funds are released by can-  
cellations."

Remember—the last date for re-  
questing cancellation of the acre-  
age reserve agreement is March  
28. If the farmer or farmers de-  
cide to withdraw all persons who  
signed the agreement must sign  
the request for cancellation.

## Mid-May Best for Planting Corn

Every year many farmers ask,  
"When is the best time to plant  
corn?"

A recent five-year experiment  
conducted at the University of Il-  
linois indicates that about mid-  
May is the best planting time in  
central Illinois. Slight adjust-  
ments can be made for the earlier  
and later spring weather in the  
southern and northern areas of  
the state.

Data from the experiment con-  
ducted by George Dungan, Col-  
lege of Agriculture agronomist,  
showed no significant difference  
in yields for corn planted from  
May 3 to May 27 at the Urbana  
station. Corn planted after May  
27 decreased in yield, however,  
and plantings made on June 12  
showed a 20 percent decrease. The  
later planted corn often had ex-  
cessive moisture and showed de-  
creased standability due to im-  
mature stalks.

The tests included several  
short-season hybrids. In the first  
plantings the long-season corn  
yielded distinctly more grain than  
the short-season types; when both  
were planted in June, the yields  
were the same. However, the  
short-season corn contained about  
5 percent less moisture at harvest  
time.

Of course, Old Man Weather  
plays a major role in determining  
corn planting dates, as does the  
European corn borer. While you

## PAUL POWELL ENDORSED By Illinois Agricultural Association

"... We hope that the farmers in the 59th District will help  
return Representative Paul Powell to the State Legislature."

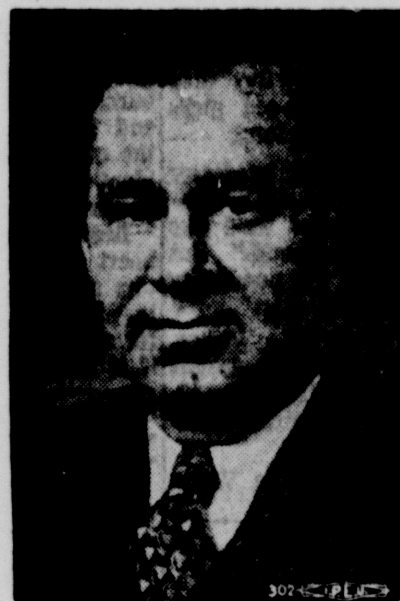

The following is from a letter to Mr. John Rushing,  
President of the Johnson County Farm Bureau, Vienna, Illi-  
nois, written by John K. Cox, Secretary of Legislation of the  
Illinois Agricultural Association. Copies were sent to Farm  
Bureau presidents, Secretaries of Organization or Organ-  
ization Directors of the following counties: Hamilton, Saline,  
Gallatin, Williamson, Pope, Hardin and Massac:

"In spite of Representative Powell's very busy  
schedule, he has insisted that we keep him informed  
regarding Farm Bureau policy, and he has always  
found time to talk to us.

"NO PARTISANSHIP IS INTENDED IN THIS  
LETTER, BUT WE HOPE THAT THE FARMERS  
IN THE 59th DISTRICT WILL HELP RETURN  
REPRESENTATIVE PAUL POWELL TO THE  
STATE LEGISLATURE.

"Farmers cannot afford to lose a friend of his  
ability. Paul Powell, along with Representative  
Dave Hunter of Rockford, have handled more farm  
legislation in recent years than any other member  
of the General Assembly.

"If there are any inquiries locally prior to the  
primary or general election regarding Representa-

**SOLEMN MOMENT**—The most solemn moment in the fading life of little Adam Fredomsky III came when he received his First Holy Communion in his bed at St. Alexis Hospital in Cleveland. Eight-year-old Adam, victim of leukemia, received the sacrament from his parish priest, Rev. Fr. Francis Maruna, while his parents, Darlie and Adam, knelt alongside the bed.

### Trainer Attacked By Lioness

KANSAS CITY, Mo. (UP)—Animal trainer Pat Anthony whose arm was chewed and clawed by a lioness during his circus act Friday, said he would return to face the beast today.

The lioness sprang at the broad-shouldered ex-paratrooper as he was completing his matinee act and threw him to the ground before a startled, screaming audience of 5,000 persons.

The cat ripped her claws into Anthony's left arm and closed her teeth around his forearm. The 35-year-old former movie stuntman twisted the animal's head with his right arm and broke free as the crowd yelled and came to its feet.

He was rushed to General Hospital where a doctor sutured several deep cuts on his arm.

### Vanguard is Ready for Test

CAPE CANAVERAL, Fla. (UP)—The Navy Vanguard rocket was reported "in the best shape ever" today for launching with a tiny test satellite in its nose.

But officials of the Navy and the Martin Co., which builds the slender rocket, did not say just when they expected to send the Vanguard aloft a third time carrying a 6-4-inch moon.

### B25 Crashes; One of Crew Is Killed; Three Others Bail Out Safely

CARLSLE, Iowa (UP)—One crew member was killed but three others bailed out safely when a twin-engine B25 Air Force plane developed trouble in one engine and crashed in a field Friday night.

The body of A/C Donald J. Bray, about 21, Aurora, Kan., was found in the wreckage of the plane, attached to the 3902nd Air Base Wing at Offutt Air Base, Omaha.

Lt. Herbert Babb, 27, Wichita, pilot of the plane, said he had ordered the three crew members to bail out when one engine on the craft went out shortly after takeoff from the Des Moines airport.

### Cross Under Consideration For Mack Post

WASHINGTON (UP)—President Eisenhower was reported today to be considering John S. Cross, a State Department official and a Democrat, to succeed Richard A. Mack, who has resigned under fire from the Federal Communications Commission.

Cross, 53, has been assistant chief of the State Department's telecommunications division since 1946. He has represented the United States at nearly a score of international conferences dealing with broadcasting, telecasting and marine matters.

He was born in Birmingham, Ala., grew up in South Carolina and is now a legal resident of Eureka Springs, Ark.

Informed of the reports that he is being considered as Mack's successor, Cross told the United Press "I hope it's true."

He said he had "heard rumors" in official circles that he might get the FCC post but had received no formal word from the White House.

Mack resigned Monday following charges made before a House commerce subcommittee that he let money and friends sway his vote in the FCC's controversial award of TV Channel 10 in Miami to a subsidiary of National Airlines.

A federal grand jury is investigating financial transactions between Mack and Miami attorney Thurman A. Whiteside. Whiteside has admitted he sought Mack's vote for National at the request of one of the airline's attorneys, made loans to Mack and gave him an interest in two business firms after Mack joined the FCC.

### Seaton Warns Against Wild Spending Orgy

CHICAGO (UP)—Interior Secretary Fred A. Seaton Friday warned against a "wild orgy" of public spending designed to lift the nation out of the current economic slump.

"You can't spend enough to turn a recession or depression into prosperity," he told the Chicago Executive's Club.

The public works programs of the 1930's under the Roosevelt administration left the nation with a legacy of public buildings, he maintained, "but millions went either down the drain or up the stack, whichever way you choose to look at it."

The administration will do "what it ought to do" to meet the economic situation, Seaton said.

He placed unemployment at about five million, but noted that 13 million were jobless after World War II and almost 13 million in 1933.

#### Messages for Followers

It is a tradition among explorers of polar regions to leave farewell messages for others when they break camp. Food and fuel also are left if it is feasible to do so.

### Tornado 'Don'ts'

What are tornado "don'ts"? Tornado "don'ts" are things you should NOT do when a tornado is headed your way. Here are a few:

DON'T remain outside. You might be struck by flying objects. If there isn't time to reach shelter, lie flat in a ditch. DON'T stand near windows. Go to the cellar or basement. If you have none, lie under a bed or table in the southwest corner of the house.

DON'T use the telephone. Leave the lines open for vital messages. Rely on your radio or television for storm information. DON'T lose your head. Panic can kill you. Just remember that even when a warning is issued, chances of a tornado actually striking your home are very slight.

This announcement is a public service feature of The Daily Register and the Southern Illinois Civil Defense Association.

## Sunday School Lesson

Pastor First Baptist Church  
Vandalia, Ill.

### 'The Church's Influence of Society'

Matthew 5:13-16; 1 Thessalonians  
5:4-8  
GOLDEN TEXT: "and let our's  
also learn to maintain good works  
for necessary uses, that they be  
not unfruitful." (Titus 3:14)

INTRODUCTION — How is one  
saved? That question is answer-  
ed in Ephesians 2:8-9. Here we  
find that if anyone is ever saved  
they are saved by the "trace of  
God through faith in His Son,  
Jesus Christ. We are not saved  
by good works, as some would  
have you believe (Ephesians  
2:10), but we are saved to do  
good works. That is, the one who  
is saved will do good works.

There are two extreme positions  
on this matter, and they are both  
wrong. One thought is that we  
are saved by good works. The  
Bible definitely teaches that this  
is not true. The other extreme  
is that salvation is by faith, and  
good works which follow are not  
necessary. This is in error, also.  
The truth of the matter is that  
when one is saved, he is saved  
by faith; and after he is saved,  
he will prove it by good works.

1 REAL SALT (Matt. 5:13)

Good Christians show living  
faith. They are powerful — like  
salt. Animals and human beings  
alike would die without salt.  
Christians are like good salt. They  
preserve all that is good and  
righteous and worth while in this  
world.

Salt keeps back decay and cor-  
ruption. Christians keep back  
decay and corruption in society.  
They stand against all that would  
destroy the moral fibre of our  
people.

Think of the liquor traffic and  
the dance question in our public  
schools. Christian people could  
stand together and stop the sale  
of liquor and stop dances in our  
schools. The tragedy is that too  
many Christians have lost their  
"savor." They refuse to stand  
up and be counted. They are not  
good salt. Even some ministers  
have gone the way of the world  
and by their very example are  
leading young people away from  
being "good salt."

Recently a ten year old boy  
came in and announced to his  
parents that he had a date to take  
"his girl" to the school dance. He  
would need money for a corsage  
and entertainment. What did the  
parents do? They are members  
of the church. They let a ten  
year old son tell them what he  
was going to do. He went to the  
dance. These parents have lost  
their Christian "salt." Ten years  
from now there are going to be a  
lot of sorry mothers and dads. It  
will be too late then!

II REAL LIGHT (Matt. 5:14-16)

Jesus is the "Light of the  
world." He says to his followers:  
"ye are the light of the world."  
The Christian's light is not to be  
"hidden under a bushel." Now,  
the Christian is to take an active  
part in the crusade against evil.  
When you are asked to sign a  
petition requesting the city officials  
to set up an election so that the  
good people can have a  
chance to vote liquor out of your  
town, what do you do? Everyone  
knows that liquor is causing more  
heartache, crime, broken homes  
and death than any other thing.  
Yet, there are some folks, who  
call themselves Christians, who  
will not take their opportunity to  
actively stand up against such  
evil. My how surprised many  
will be in the great Judgment  
Day, when they hear Jesus say:  
"Depart from me, ye worker of  
iniquity. I never knew you."

CONCLUSION (James 2:14-17)  
— Into a home recently I was  
called. When I entered, I saw a  
mother on her knees mopping up  
her son's vomit from the floor.  
He is an alcoholic. Two years  
ago he was a fine young man,  
with a bright future. Today he is  
a physical and moral wreck. His  
business is gone. His family is  
broken. It all started at a dance  
where a few social drinks were  
served.

Who cares about this young  
man today? Does the high school  
teacher care, who promoted and  
sponsored his first dance? No!  
She is still in the same business.  
Does the man care, who sells the

## THE SEARCH CONTINUES

Throughout the history of mankind  
runs the account of a double quest:  
Man searching for God . . . our restless  
eagerness to understand and please our  
Creator has paralleled the centuries of  
progress.  
God seeking Man . . . ceaselessly, pa-  
tiently, His Love has lighted the ages,  
ever reaching toward our hearts, encom-  
passing our souls.  
Yet no powerful lens ever devised will  
aid in this search. Our quest finds its con-  
summation not beneath the lens of a  
microscope—but beneath the spire of a  
Church!

What man does not recognize his own  
inability to cope with the complexities  
of life?  
There awaits you next Sunday in the  
Church of your choice the peace and as-  
surance that generations have sought . . .  
the FAITH which unites Man and God.

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**  
The Church is the greatest factor  
on earth for the building of  
character and good citizenship. It  
is a storehouse of spiritual values.  
Without a strong Church, neither  
democracy nor civilization can  
survive. There are four sound  
reasons why every person should  
attend services regularly and sup-  
port the Church. They are: (1) For  
his own sake. (2) For the sake  
of his community and nation. (3) For  
the sake of the Church itself,  
which needs his moral and ma-  
terial support. Plan to go to  
church regularly and read your  
Bible daily.

## Herrin Beats Attucks; W. Frankfort And Mt. Vernon Win Regional Titles

By United Press

Defending state champion Herrin today headed the field of 60 downstate sectional contenders which survived the upset-studded regional finals of the state high school basketball tournament Friday night.

No less than six of the top-rated teams in the state were spilled in the regionals, including Rock Island, Quincy Notre Dame, Mattoon, Evanston, Princeton and Effingham St. Anthony.

Along with Herrin, once-beaten Rock Falls, and Rockford East Jacksonville, Thornton and West Frankfort were among the top teams advancing to next week's sectionals.

Herrin clipped Carbondale Attacks, 67-61, to win the Marion regional and continue its bid for a second straight state title.

West Frankfort's fourth-ranked Redbirds advanced to the sectionals by winning their own regional, 62-55, over Benton. Mount Vernon won the Mount Carmel regional with a 57-49 victory over the home team.

Rock Falls, which has been rolling up high scores since the tournament started, did it again, blasting Dixon, 85-40, at Rock Falls for its 28th triumph in 29 games.

Joliet Jolts ND

Moline edged Rock Island 55-54 for the Moline regional title.

Quincy jolted Quincy Notre Dame, which had lost only one game all season, 52-41, at West Pike's regional, while Arcola handed Mattoon a 33-29 upset at Arcola.

Tiny Tiskilwa turned the tables on Princeton at La Salle, winning by a narrow 76-75 count. Princeton had lost only four times during the season.

Effingham sent Effingham St. Anthony to the sidelines with a 59-48 victory, and Warren topped Evanston, 57-53, at Waukegan.

Rockford East won the Rockford regional by nipping Rockford West for the third time this season, 45-43.

Bloomington Trinity nipped Clinton, 21-20, in a ball-control game, and Peoria Central clobbered Washington, 83-59, at Peoria.

In the rugged Southwest area, Edwardsville bested Alton, 58-53 and East St. Louis Lincoln tripped Belleville, 53-32.

In eastern Illinois, Paris advanced to the sectionals by tak

## Pettit Leads Hawks to 102-100 Win Over Nats

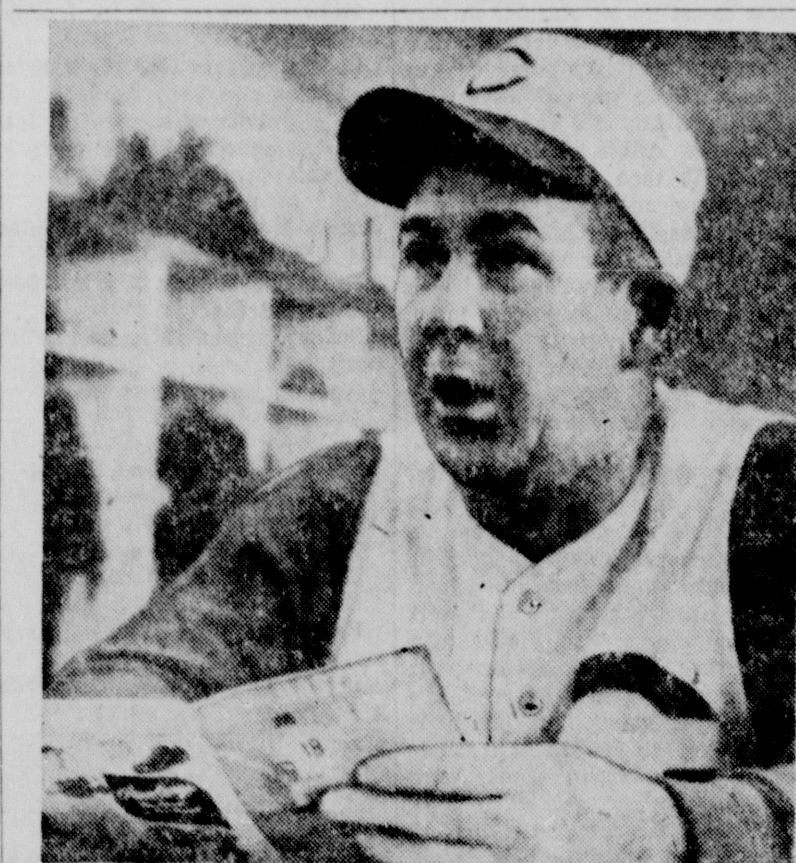

By United Press

The St. Louis Hawks are convinced today they'll have a red-hot Bob Pettit going for them in the National Basketball Association playoffs.

The 6-foot, 9-inch ex-LSU star, who averaged 29.8 points in the playoffs last season, showed Friday night that he's ready with a 39-point effort that led the Hawks to a 102-100 victory over the Syracuse Nationals. Pettit, third-ranked scorer in the league this season, canned 15 field goals and nine of 13 fouls.

It was the only game played in the circuit Friday night.

Detroit is at Boston this afternoon in the nationally televised game, while Minneapolis is at St. Louis for a night game in the only other action.

GRASS ROOTS—Birdie Tebbetts covers all the ground during spring training, starting with the rules. The Redleg manager grabbed a copy of them and began boning up the minute he hit Tampa, Fla., training base.

## Wildcats Beat Ridgway, 56-51; Will Play West Frankfort in Sectional

The Carrier Mills Wildcats today reigned as champions of the Eldorado regional basketball tournament and will meet West Frankfort next Thursday night in the second game of the Harrisburg sectional.

Coach A. L. Willis' aggregation won the title last night by defeating Coach Bob Dallas' team from Ridgway, 56 to 51, in the Eldorado finals.

Carrier Mills won after the Wildcats' star player, Vern Rollins, fouled out of the game with two minutes and 41 seconds left in the third quarter. At that time Carrier Mills had a 39-31 lead and Ridgway moved up to tie the count at 49-49 with but a minute and

40 seconds left in the game.

Suttner High Scorer

But at that point Carrier Mills moved out in front again, to cop the contest 56-51. Carrier Mills got some good play out of substitute Jerry Randolph, 6-1 junior, after big Vern left the floor, as well as from the other players, notably Jack Keene, who did a good job taking over Rollins' rebounding chores.

High point man of the game was the big Ridgway boy, 6-11 1-4 Roger Suttner, who made 28 points, and he was followed by Rollins, who made 21 in less than three quarters.

Statistics showed that from the field Carrier Mills connected with 23 out of 53 for 43.3 and Ridgway hit 17 out of 44 for 38.6. They also showed that Carrier Mills copped 36 rebounds to 25 for Ridgway. From the free throw line Carrier Mills made 10 out of 15 and Ridgway made 17 out of 24.

Wildcats Lead at Half

The first quarter was close all the way and it ended with the Wildcats out in front 15-12. Also close was the second period, in which Carrier Mills outscored the Galatin county boys 15 to 14 to give the Wildcats a 30-26 halftime lead.

But in the third stanza Carrier Mills ran up a 39-31 lead in about three and a half minutes, then stalled for a minute and a half prior to Rollins' exit on fouls. However, during the remainder of the period Ridgway was unable to narrow the margin.

But in the final frame Ridgway began moving and tied the score at 49-49 with only a minute and 40 seconds left. Then Keene hit from the field and with 41 seconds left Junior Manier connected on two free tosses to make the count 53-49. With 23 seconds to go Gary Taborn hit and with 10 seconds left he threw to make the score 55-51. Two seconds later Randolph was fouled and he made a free throw to make the final tally 56-51.

Sectional Pairings

The Harrisburg sectional next week will start on Wednesday night with Mt. Vernon meeting Metropolis. The Carrier Mills-West Frankfort game will be Thursday night followed by the championship game Friday evening. Reserved seat tickets can be obtained at Harrisburg high school although considerable seats will be sent to the participating schools for the nights their teams play.

Officials for the Harrisburg sectional will be Jim McCoskey of Murphysboro and Joe Przada of East St. Louis.
